SAANIKOMMU JAGADESHWAR REDDY

FULL STACK DEVELOPER / AI ENTHUSIAST

Vijayawada, Andhra Pradesh, India | +91 90147 59768 | jktech7575@gmail.com | github.com/Jagadesh7575 | linkedin.com/in/jagadeshwarreddy

PROFESSIONAL PROFILE

B.Tech Information Technology student (graduating 2028) building responsive full-stack applications, AI-oriented tools, and database-backed user experiences. Hands-on experience with React, TypeScript, Vite, Supabase, Firebase, and deployment workflows. Aspiring technology entrepreneur focused on practical, user-centered products.

TECHNICAL EXPERTISE

Languages & Web:	JavaScript, TypeScript, HTML5, CSS3, C, Python (basics)
Frontend:	React.js, Vite, Tailwind CSS, Responsive Design, DOM Manipulation
Backend & Data:	Supabase, Firebase, PostgreSQL, Authentication, CRUD Fundamentals
Tools & Practices:	Git, GitHub, VS Code, Vercel, Figma, Debugging, API Integration, Prompt Engineering

SELECTED PROJECTS

DRUG SCOPE AI | Drug Interaction Research Platform **drugs-scope-ai.vercel.app**

- Built an AI-oriented medicine-interaction research interface featuring medicine search, interaction review, and scientific data workflows using React, TypeScript, and Supabase.
- Integrated interactive 3D molecular visualization and comprehensive evidence dossier review capabilities.

ROADRISK AI | Road Safety Analysis **roadrisk-ai.vercel.app**

- Developed and deployed a web interface for road-risk intelligence, accident zone analysis, and real-time road hazard notifications.

ORVIX | Private Messaging Platform **nanii-orvix.vercel.app**

- Created responsive private chat experience featuring real-time messaging, end-to-end user privacy, and Supabase database integration.

SOLARA | Solar Smartwatch Concept **nanii-solara.vercel.app**

- Designed a responsive wearable-technology showcase highlighting solar charging hardware, battery optimization metrics, and product features.

HELIOWATCH | Smartwatch Commerce Showcase **nanii-heliowatch.vercel.app**

- Built a modern smartwatch showcase with dynamic product specifications, pricing tiers, and mobile-first shopping interactions.

INTERNSHIPS & EXPERIENCE

CODSOFT | Web Development Intern **Jun 2026 – Jul 2026**

Completed 4-week virtual internship program (Certificate ID: ac97b84) *Completed*

- Developed modern frontend components and responsive web interfaces using modern HTML5, CSS3, and JavaScript best practices.

INTERNSHIP STUDIO (iStudio) | Website Design & Development **Completed Jun 2026**

Certificate Number: ISWDT3223674 *Completed*

- Completed intensive hands-on website design and development internship covering frontend UI architecture and web usability.

FLYRANK AI | Technical Contributor **Ongoing**
In-progress technical and development engagement *In Progress*

EDUCATION

BACHELOR OF TECHNOLOGY — Information Technology **2024 – 2028 (Pursuing)**
NRI Institute of Technology, Vijayawada, Andhra Pradesh *CGPA: 8.20 / 10.0*

INTERMEDIATE (MPC: Mathematics, Physics & Chemistry) **2022 – 2024**
Board of Intermediate Education, Andhra Pradesh *Completed*

SECONDARY SCHOOL CERTIFICATE (SSC) **2022**
Board of Secondary Education, Andhra Pradesh *Completed*

CERTIFICATIONS & ACHIEVEMENTS

- **ASTRA Hackathon 2026** — Certificate of Participation, Coding Club NRI Institute of Technology & MTX Technology Partner (21 Sep 2026)
- **Quantum Computing Workshop & Hackathon** — Brainovision, NRIIT, AICTE, T-Hub & NASSCOM (Sep 2025)
- **Developing with Blockchain** — Skillsoft (27 Mar 2026)
- **GenAI Powered Data Analytics** — TATA / Forage (15 Mar 2026)
- **Software Engineering Job Simulation** — JPMorgan Chase & Co. / Forage (15 Mar 2026)
- **Robotics and Controls** — Johnson & Johnson MedTech / Forage (15 Mar 2026)
- **Basics of Python** — Infosys Springboard (15 Mar 2026)
